

Little Sunbeams Pre-school
Fire/Emergency Evacuation Plan

Advice

The emergency plan should consider all aspects associated with the emergency evacuation of the building should a fire occur. Part of this plan will be the evacuations procedures, but other prearranged actions and management procedures must be considered and included as appropriate.

- **Primary Actions**

- On finding a fire, sound the fire alarm at the nearest fire alarm call point
- On hearing the fire alarm, the building will be evacuated without delay
- On hearing the fire alarm, staff and others will leave the building via the advised exit and proceed to the assembly point
- On hearing the fire alarm a member of the church administration team will call the Fire and Rescue Service. In the absence of a church member, a supervisor will make the call

-

- **Assembly Points**

The assembly point is currently the pathway running alongside the church, towards the Hunts Pond Road end.

- **Evacuation Management**

Evacuation Manager - A supervisor will assume the duties of this role, which are:

- Overseeing the evacuation and checking that all is operating in accordance with the predetermined plan
- Be available to liaise with the Fire and Rescue Service as necessary

Co-ordinate, disseminate and act on information from the assembly point and the Fire and Rescue Service

Fire Marshall Roles – Staff will be responsible for the following duties:

- ensuring that children in their charge evacuate in a calm and orderly manner and go directly to the assembly point
- encouraging everyone in their area to leave the building promptly
- closing doors and windows on leaving (if safe to do so)
- report their findings to the supervisor assuming the role of Roll Call Manager

remain available at the assembly point to assist as necessary

- **Visitors and Contractors**

Unaccompanied visitors and contractors will be informed what sound the fire alarm makes, the location of the assembly point and shown the emergency exits in the area(s) in which they have access or are working and will be required to attend the assembly point on operation of the fire alarm.

- **Fire Fighting Arrangements**

When staff use fire extinguishers they **must** follow the advice below:
They **must**:

- only tackle small fires
- ensure they are always located between the fire and the exit
- be supported by another person if possible
- leave the building if the first extinguisher has little or no effect on the fire

They **must not**:

- enter smoky atmospheres or where there is obviously a rapidly developing fire or where a fire is already well established
- commence or continue extinguishing a fire if visibility is deteriorating
- remain in the building if they feel unwell or the products of combustion are affecting their breathing

When using extinguishers to tackle a fire, the underlying principle must always be to ensure personal safety and not to over commit to extinguishing the fire.

- **First Aid Arrangements**

The first aid kit will be taken to the assembly point and a first aider will be available to render assistance should this be necessary. The first aider will be responsible for instigating requests for an ambulance should one be required.

- **Relocation/Emergency Closure Arrangements**

If re-entry to the building is not possible, or permitted, the children will be taken by staff to St John The Baptist Primary School, Primary School, Abshot Road, Titchfield Common, Fareham, Hants. PO14 4NH. where parents/carers will be contacted and asked to collect their child.
